WELCOME

Don't limit a child to your own learning; for he was born in another time. - Rabindranath Tagore

These poignant words of Rabindranath Tagore convey the passion for learning that embodies the heart of every child who enters the portals of any educational institution. At Blue Bells there is self discovery through achievement, self understanding and appreciation. A pragmatic and holistic approach to education creates an environ that bring each innocent heart closer to the real essence of life. Academic Excellence is a must do on our priority list. We strive to synergise the traditional & the modern methodologies of education enabling the students to imbibe a feeling of brotherhood & tolerance and teach them to embrace progressive changes with a open yet discerning mind.

SANCHALI MUKHERJEE

PRINCIPAL

Education is not preparation for life; education is life itself. - John Dewey

Education has undergone a sea change in the recent years. With the introduction of RTE imparting education is a big challenge for schools. It has been our continuous effort to ensure that quality education is imparted to children. An apt portfolio mix of curriculum, health & moral values has been our prime focus. At Blue Bells we believe in developing 21st century students but developing students to be iitians & doctors only would again mean chase for money. Today what is required as an educational institution is to develop a strong bonding between a student and a teacher.

MR. J. VINOD

DIRECTOR

The Blue Bells English Medium School runs under a society by name "The Blue Bells Educational Society" which comprises professionals from the field of Education, Science, Art, Management and other walks of life. The basic objective of the society is to organise, encourage and initiate socio-economic programmes aimed at poverty alleviation, rehabilitation and social awareness. The society aims at establishing educational institutions, day-care centres, yoga and meditation centres, orphanages and homes for the aged.

The school with a team of qualified professionals aims at retaining the very essence of value systems or moral values which our traditional temple of learning had incorporated years ago. We as professionals believe students are the backbone of the nation and the future is in their hands.

OUR JOURNEY

The Blue Bells English Medium School was started in the year 2005 with 5 children on role. Today the school has 700 students with classes running from pre-nursery to class 10. It is affiliated to CBSE NEW DELHI. The school with a team of qualified professionals strives to impart quality education to children and imbibe in them the very essence of moral values to build a complete and confident individual who can face all challenges of life without any hindrance. THE BLUE BELLS ENGLISH MEDIUM SCHOOL has its own building in a lush green campus of 7 acres at Saleitikra Jharsuguda opposite of Biju Expressway which is around 5 kms from the main city and 1.5kms from VSS Airport Jharsuguda.

A GLIMPSE OF WORLD HERITAGE DAY CELEBRATION .

WORLD HERITAGE DAY

The International Day for Monuments and Sites also known as World Heritage Day is an international observance held on 18 April each year around the world with different types of activities, including visits to monuments and heritage sites, conferences, round tables and newspaper articles

SAVE
CULTURAL WONDERS
OF THE WORLD

When it comes to our own country, culture is the most important aspect, and when it comes to cultural heritage, monuments are what comes to our mind. To honour the presence of this culture in our country India, we celebrate World Heritage Day in the period of 19th-25th November. The motive to celebrate World Heritage Day is to create awareness among people to save the monuments of our country. The monuments of our country tell a lot about the country's achievements because every monument built in India has its own story. And this is the reason that it is equally important for us to preserve the culture for our upcoming future generation so that they also get to know about different traditions and history related to our monuments.

YUVRAJ SHUKLA
CLASS IX

The International Day for Monuments and Sites is also known as World Heritage Day. It is observed on April 18 every year with an aim to increase awareness about the importance of protecting culture and diversity. Monuments and ancient buildings are an asset to the world. They make for the rich heritage of the nation. Monuments and ancient buildings are an asset to the world. They make for the rich heritage of the nation. Monuments and ancient buildings are an asset to the world. They make for the rich heritage of the nation.

WORLD
HERITAGE
DAY

Earth Day is an annual event on April 22 to demonstrate support for environmental protection. First held on April 22, 1970, it now includes a wide range of events coordinated globally by EarthDay.org including 1 billion people in more than 193 countries

Plant a tree, say no to plastic and yes to bicycle. Let me start with my forefathers. They never celebrated World Environment Day, Earth Day, World Water Day etc.

They had abundant resources at their disposal, still they used all the natural resources to the minimum. They were stingy in using the free resources. They conserved, recycled and reused without any big banners or slogans.

They treated Water, Air, Soil, Trees, Animals and all other natural resources as God. They never abused the resources for their benefits. They never exploited. Whenever they cut the trees, they made it sure that they cut old trees or branches.

NIBHA KUMARI
CLASS X

I collected some waste material from my home (eg. Paper, A piece of cloth, dry flowers, peels of orange's, rotten tomatoes, etc...) and I have covered all them in the soil. I kept the pot in the terrace from which it got direct sunlight and heavy rain, after 15 days I saw that tomato seeds and the flower seed are well grown up into tiny plants, the paper, dust, peels of orange were decomposed in the soil and became bio manure for my tiny plants as well as for my soil.

On 7 May my mother advised me to put the peels of garlic, onion, potatoes etc on the pot in which my plants were grown and she told that it gives protein to the plant which works as fertilizer to the plant which also supported my plants to grow well.

EARTH
DAY

INTERNATIONAL YOGA DAY

Yoga emphasizes on the awareness of consciousness. A 5000 year old school of knowledge spans much more than the physical "twists, turns and bends". It is a profound science dealing with the soundness of the mind, body and soul. Over the years it has lost its sheen and diversified itself in rather subtle functionalities. With the health graph of the world plummeting to unsatisfactory levels, it becomes imperative for the global community to find a way out of this quagmire. Acute and chronic diseases are spearheading quickly among the masses. Health expenditure amounts to around 70% of the total household expenditure. Moreover, the health facilities are not universal and highly skewed in their outreach with most of them outside the reach of the masses. Illness, disease is one of the major causes of poverty. Furthermore, anxiety, hypertension and other mental diseases are taking a toll on the efficiency of human beings. Economically, they are not able to satisfy their material necessities. Socially, they are getting cocooned into water tight containers which does not allow them to celebrate the social mores effectively. This leads to a gradual decrease in their empathy and cohesiveness which is causing a great harm to the various social institutions. This has manifested itself in form of rising number of crimes, violence, inequality and decline of ethics. All of these lead to the intellectual corruption and sanskritisation of misery and pain.

Never had the condition been too alarming for humanity till now. The initiative taken by the global community is a gesture towards the commitment for a brighter future. It is an initiative to enable the people let loose of their personal agonies and celebrate humanitarian ethos. The burden of proof is now on all of us to protect the society from getting intellectually, spiritually and morally corrupt. This gesture holds a hidden warehouse of better living for all of us.

PRACTICE YOGA FOR A HEALTHY LIFE..

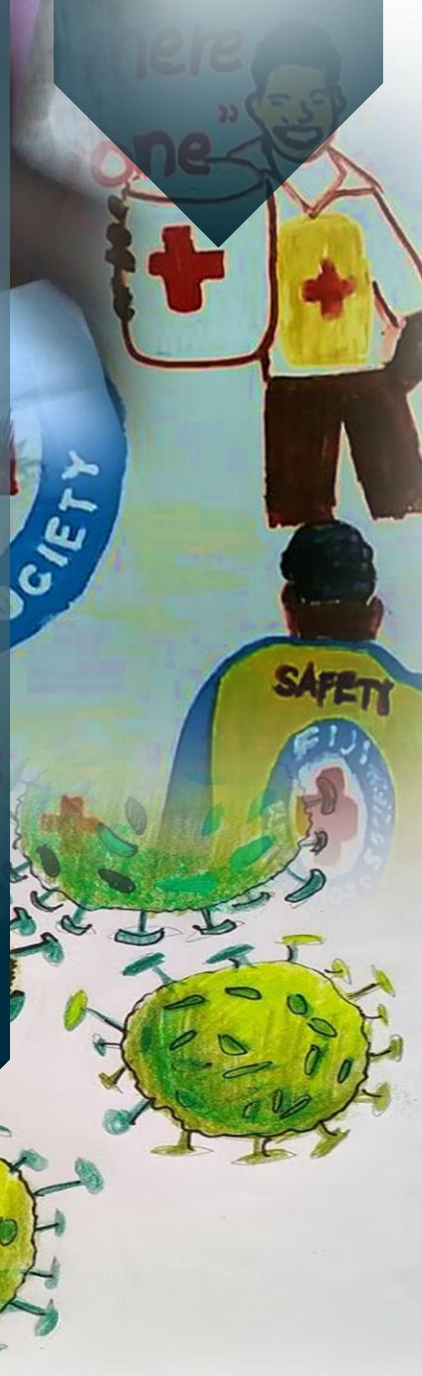

World Red Cross and Red Crescent Day is an annual celebration of the principles of the International Red Cross and Red Crescent Movement. World Red Cross Red Crescent Day is celebrated on 8 May each year. This date is the anniversary of the birth of Jean-Henry Dunant, who was born on 8 May 1828.

HELP INDIA RISE UP

• World red Cross day is celebrated every year on 8th May to commemorate the birthday of his founder Jean Henry Dunant. He is also a recipient of the Nobel Peace Prize. He was born on May 8, 1828. It is dedicated to protecting the lives of people from natural disasters and epidemic diseases. The first Red Cross Day was celebrated on May 8, 1948. In 1946 in World War II. World Red Cross Day empowers the local administration to provide an immediate response to the health disasters in a crisis situation. The committee of Red Cross takes care of people who suffer adversities due to war and natural calamities like floods, fires and earthquake etc. World Red Cross Day celebration inspires millions of NGOs to promote welfare programme for people in the society like blood donation. Nations around the globe organize various events like lectures, discussions, seminars, health checkups, anaemia camps to celebrate World Red Cross Day. Every year, the World Red Cross Day is celebrated around the globe with a theme in order to promote human activities. The theme of World Red Cross Day 2021 is 'Together we are unstoppable'!

Labor Day is a federal holiday in the United States celebrated on the first Monday in September to honor and recognize the American labor movement and the works and contributions of laborers to the development and achievements of the United States. It is the Monday of the long weekend known as Labor

International Labour day is officially known as International workers' Day also called as may Day. It is celebration of labourers and the working classes that is promoted by the international Labour movement and occurs every year on the 1st May. The Labour Day was chosen in 1889. For political reasons by the Marxist International Socialist Congress, in Paris. The second international as a successor to the earlier international workingmens Association. They adopted a resolution for a great international demands for the eight hours day. The date had been chosen by the American federation of labor to continue and earlier campaign for the eight hours day in the United state, who is hard culminated in the Haymaker affairs which occurred in Chicago on 4 may 1886

RAGHUNATH BASKEY

"No human masterpiece has been created without great labour" In order to honor honor contributions of working women and men we celebrate Labour day. On the first day of May we observe Labour day in India. We also know it by the name of May day. This day corresponds to the international worker's day that is celebrated around the world. In 80 countries around the world that include India celebrate this day and observe it as a national holiday. In 1889 the Markist International socialist Congress adopted a resolution for a great international demonstration that the workers should not be made to work for more than 8 hours a day. "Workers are the strength of the company, give them respect and some time to relax." To sun it up we celebrate labour day all around the world to recognize the efforts of millions labourers and helpers. They make our work easy and work tirelessly.

ANIKET SAURABH
CLASS VI

When God created the woman He worked late on Friday
An angel came and asked: "Why spend so much time on it?"
Replied the lord. "Did you see all the specifications I had to meet in order to design it?"

She must function in all kinds of situations.
She must be able to adopt several children at once.

- Have a hug that can heal anything from a bruised knee to a broken heart.

She must do it all with just two hands.

She heals herself when she is sick and can work 18 hours a day.

The angel was impressed "Only two hands impossible!"

And this is the standard model? "
The angel approached and touched the woman.

"But you made her so soft, Lord."

"She's soft," God said.

"But I made her strong. You can not imagine what she can endure and overcome"

"Can she think?" Asked the angel ...

Replied the lord. "Not only can she think, she can reason and negotiate."

The angel touched her cheek

"God, this piece seems to be leaking! You've put too much of a burden on it."

"She's not leaking ... it's a tear." The Lord corrected the angel ...

"What is it for?" Asked the angel

Said the lord. "Tears are her way of expressing her sorrow, her doubts, her love, her loneliness, her suffering and her pride." ...

It made a great impression on the angel,
"God, you're a genius. You thought of everything.

A truly wonderful woman "

Said the Lord. "Indeed she is.

- She has the power to amaze a man.

- She can handle troubles and carry heavy loads.

- She holds happiness, love and opinions.

- She smiles when she feels like screaming.

- She sings when she feels like crying, cries when she's happy and laughs when she's scared.

- She fights for what she believes in.

Mother's Day is a celebration honoring the mother of the family or individual, as well as motherhood, maternal bonds, and the influence of mothers in society. It is celebrated on different days in many parts of the world, most commonly in the months of March or May

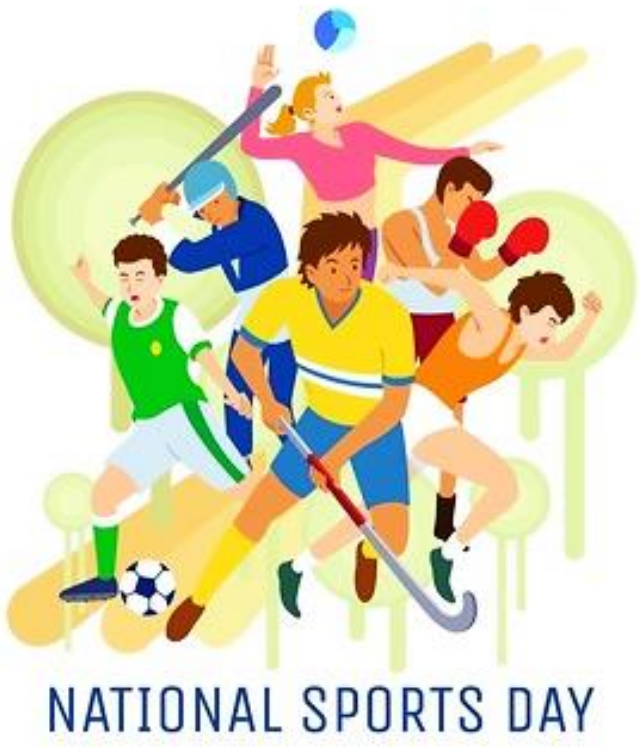

I ♥ MY MOM

Adhyatmika

HAPPY MOTHER'S DAY...

Independence Day holds special significance in all our hearts. Not only does August 15 mark the day India gained independence from 200-year-old colonial rule, but Independence Day also serves as a reminder of all the virtues, pride, colourful history, cultural richness, diversity and landscapes which we must all feel proud to call our homeland. It's also the day when we commemorate and pay homage to the courageous sacrifices of our freedom fighters, who fought hard with a worthy patriotic spirit to get their home free of British oppression. The message of non-violence, particularly, is something that is still remembered by people worldwide. Who could forget the spirited march for freedom led by great leaders like Mahatma Gandhi, Rani Lakshmi Bai, Bhagat Singh, Subhas Chandra Bose? As India enters its 75th year of independence, it's very important that we continue to cherish and practise the same ideals and values our great countrymen held dear during their struggle to build an independent India.

Hard work beats talent when talent doesn't work hard.

Success is where preparation and opportunity meet.....

JANMIASHTAMI 2021

“ OUR
UNITY IS
OUR
STRENGTH &
DIVERSITY IS
OUR
POWER”

Dear parents,

We are distinguished by the quality of education and care extended to all those in the school community. Each person is recognised as an individual and everybody is valued and enabled to fulfil their potential. In partnership with the wider community we are prepared to make full use of all the opportunities available so that we are all freed to become the individuals God wishes us to be, and to create a better world.
