

THE BLUE BELLS ENGLISH MEDIUM SCHOOL

Blue Bells Insider

Issue No. 1/423 | Date of publication 01-07-2023 | Quarter -1

Presenting the 1st quarter newsletter for the session 2022-2023

We are distinguished by the quality of education and care extended to all those in the school community. Each person is recognised as an individual and everybody is valued and enabled to fulfil their potential. In partnership with the wider community we are prepared to make full use of all the opportunities available so that we are all freed to become the individuals God wishes us to be, and to create a better world.

News and updates

A Visit to the Elderly

Our motive has always been, teaching our youth to be humble before anything else. A great effort was made by our senior secondary students and faculty members to visit an old age home and spend quality time with them. It was followed by dance, music and sharing of meal together like a wholesome family.

Blue Bells has made it mandatory for every individual to practice yoga for a healthy living. On the occasion of World health day, we learnt new breathing techniques and stretches helping us open our mind and body. It was followed by quiz competitions and interactive sessions of students and faculty members.

Yoga for humanity

News and updates

Environment comes first.

The students of Blue Bells are being taught to live by the motto nurture nature. We help the students acknowledge the importance of earth and encourage greenery by promoting plantation. On the occasion of Earth day and Environment Day, the students took the initiative to plant trees in their own space followed by discussions and presentations on saving the 'Mother Earth'.

Glory of Odisha day

Being a part of the "Land of God", we make sure our fellow students are well aware of the history and importance associated with the state of Odisha. One of the important days is Odisha Day or Utkal Diwas. Every student participated on this day by performing every form associated with Odisha's art and culture making the entire programme a big hit.

Academic corner

Introduction to coding

Blue Bells has come up with free coding tutorial with best of Faculty and instructors in town. This is a new addition to our recent introduction to new technologies. This is lifetime opportunity for every student out there to experience the benefit of coding without a single cost to bear.

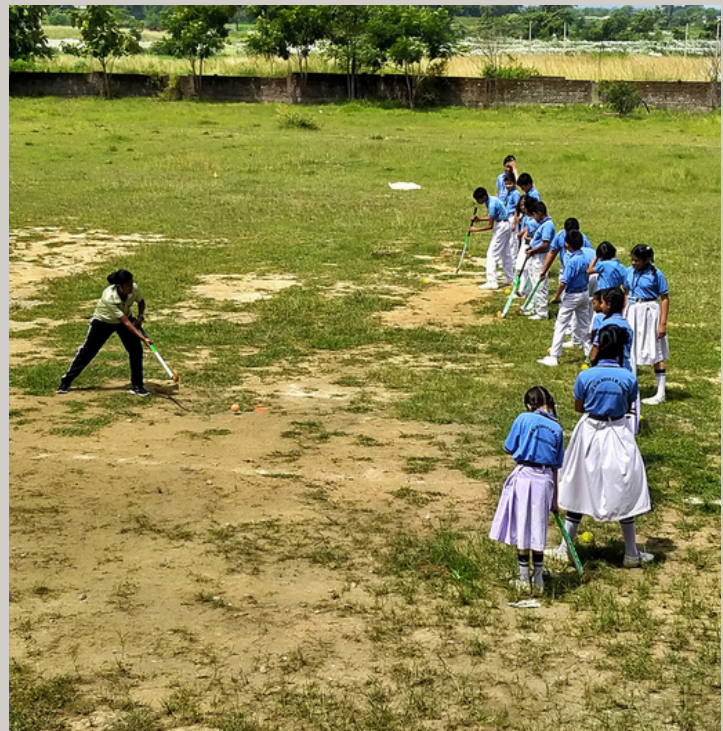

Achievements

Felicitation of our student on the occasion of World Environment Day as organised by UNEP. The students of Blue Bells succeeded tremendously with flying colours in their AISSE CBSE results.

Introduction to Hockey

Since the past one year, we have introduced our students to our national sports Hockey. Not to forget, our students MS. Priyanshi Patel (CI-7) and Vikram Sharma (CI-9) were selected last year by the District Athletic Association to represent the district.

Parent Engagement

Parents' Discussion on Coding

A child's academic gets increased when parents decide to choose the best for their child.

An orientation programme followed by committee meeting was held at our Main branch to make our Dear parents aware of the introduction to coding and its benefits in the long run of every individual.

Parents' Engagement

On our strategies and plans as chalked ahead, we have planned to increase the periods of interaction with our parents, discussion of a students' interests and weak areas so as to build a better and appropriate learning environment.

Reminders and Resources

How to choose right school for your child

Teaching and learning techniques

According to recent studies, the students tend to absorb and retain the knowledge when taught with practicality and proper understanding.

BBEMS being an institution for our advanced generation tend to mould the young minds with the essence of the matter with logical reasoning. BBEMS promotes no mugging policy so that each child grows with abundance knowledge he/She actually needs.

Reminders and Resources

Student teacher ratio

Small student group are known to have a constructive effect on the learning of an individual child. A lower student teacher ratio accords to more opportunities for students to participate in class discussions and other activities.

BBEMS ' learner teacher ratio allows and equal and individual attention with proper interaction and development of each learner.

Curriculum and co-curricular activities

According to research and survey, parents are not aware of the curriculum options available for their children.

BBEMS believes a student's growth is a combination of academics, social skills and development of interests and talents. Here at BBEMS, we challenge students out of their comfort zone to witness their inner capability and aptitude.
